IMPORT DUTIES.

Under Ordinances Nos. 29 of 1920, 1 of 1921, 25 of 1921, 1 of 1922, and 4 of 1923.

SEE NOTE AT END OF TARIFF.

THE "value" on which ad valorem duties are payable is governed by sections 5 and 6 of The Customs Duties Ordinance, 1920, (No. 29) as amended by the Customs Duties (Amendment) Ordinance, 1922, (No. 1) which read as follows:—

"5. (1) The cost of goods, for the purpose of ascertaining the amount of the *ad valorem* duty payable thereon shall be calculated, if the goods have been purchased by the importer or consignor thereof, on the price charged for the said goods by the vendor thereof as verified by the genuine invoice of such goods, and if procured otherwise than by *bonâ fide* purchase, calculated on the actual market value or wholesale price of such goods at the time of exportation to this Colony in the principal markets of the country whence such goods were imported.

Provided always that the Collector of Customs or the proper Officer of Customs is satisfied in the case of goods alleged to be purchased of the fact of purchase, that the entries in such invoice are true, and that the invoice is genuine in every particular, and also in the case of such goods or of goods obtained otherwise than by purchase that the value stated in the entry is a fair market value for such goods, at the place, and at the time that the same were purchased by the importer or consignor thereof."

"(2) No discounts or deductions from the value of any goods chargeable with *ad valorem* duty shall be allowed unless such discount or deduction be clearly shown to the satisfaction of the Collector or other proper officer on the original invoice or unless the same be verified by the signature of the manufacturer, merchant or person from whom the goods set forth or described in the invoice were purchased, and by whom such discount or deduction has been or purports to have been actually allowed."

"6 (1) For the purpose of assessing the amount of the *ad valorem* duty payable on any goods the price or value thereof ascertained as aforesaid shall be converted into British currency at the market rate of Exchange on the day of the arrival of the importing ship.

"(2) No invoice for goods purchased in a foreign country shall be accepted by the Customs Authorities unless such invoice expresses the value of such goods in the coinage of the country from which the invoice is supplied."

What percentage does the total of these lengths bear to the total accommodation at the port?	There is only a landing stage or jetty extending for a distance of about 240 feet from the shore.
6. What are the dimensions (length, loaded draught, and beam at that draught) of the largest vessels which under existing circumstances can be— (a) berthed alongside any pier or wharf (L.W.O.S.T.)? (b) in the case of enclosed docks— (1) admitted direct to? or (2) admitted through the entrance lock of any important dock or docks, H.W.O.N.T.?	(a) No pier or wharf for berthing vessels exists.
